Getting started

Starting the app

Create an account on [NWS Customer Interface](#).

- After finishing your registration, you have two possibilities to start your app:

1. Click on the desired service at the left tool bar

2. Click on the "start app now"-button and choose the desired service

- Now name your instance, choose a plan and accept the terms of conditions -> press down-right "create"-button

Basic	Advanced	Premium
Host checks 5	Host checks 25	Host checks 50
Service checks 15	Service checks 50	Service checks 100
Highspeed checks 0	Highspeed checks 5	Highspeed checks 25
Text notifications 15	Text notifications 25	Text notifications 50
9.99 €/month	19.99 €/month	29.99 €/month

- Now your app is beeing created ->

this may take about 3-4 minutes

- Now you are ready to go

Icinga 2 Satellite • 13875-icinga-satellite-573f5 6/30/24

Access

Credentials
There is an initial user and password. Please set a new password within your app.
User: **admin**
Password:
[Login now →](#)

Endpoints
API: <https://13875-icinga-satellite-573f5.nws.netways.de>
Config: Master configuration example

```
object zone "13875-icinga-satellite-573f5.nws.netways.de" {
  parent = "master"
  endpoints = [ ]
}
```
