# Getting started

## Starting the app

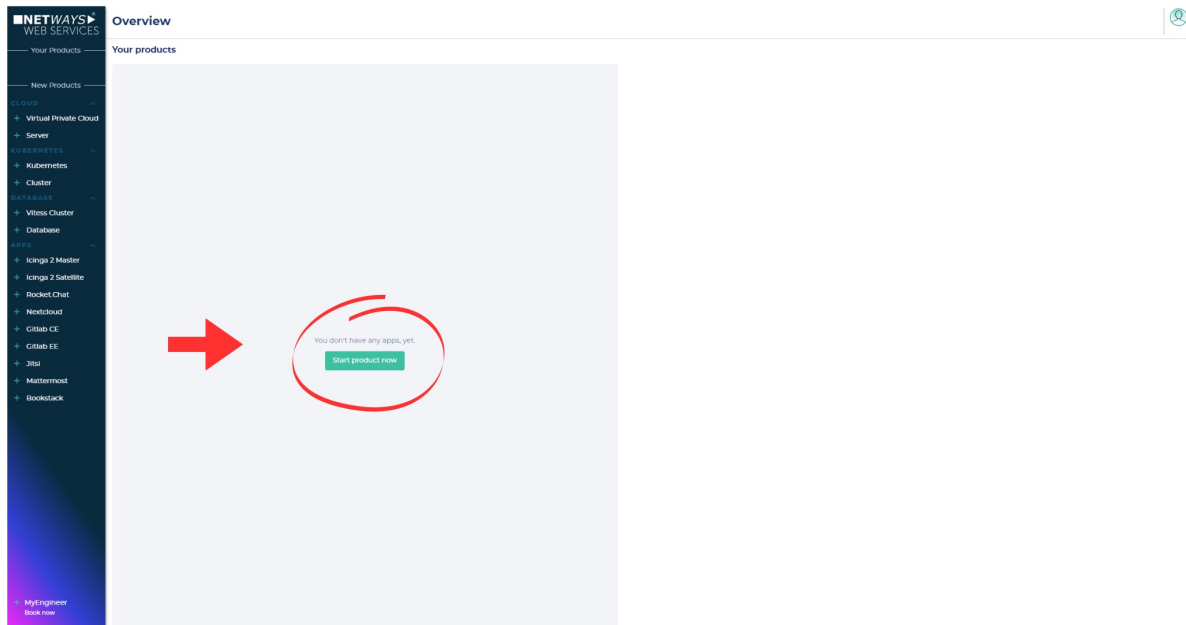

Create an account on [NWS Customer Interface](#).

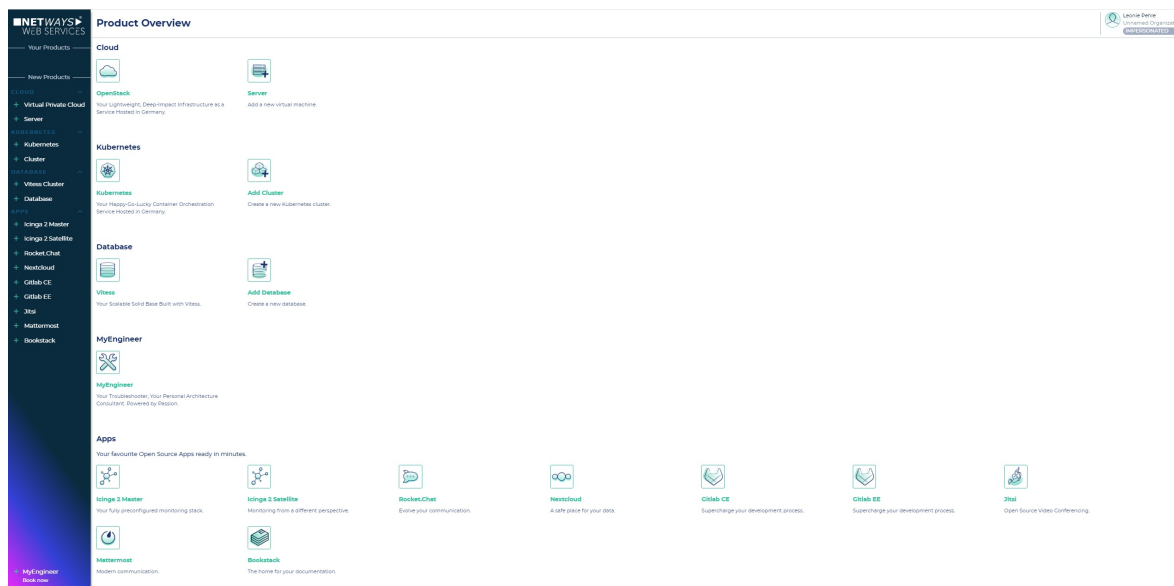

- After finishing your registration, you have two possibilities to start your app:

1. Click on the desired service at the left tool bar

2. Click on the "start app now"-button and choose the desired service

- Now name your instance, choose a plan and accept the terms of conditions -> press down-right "create"-button

- Now your app is beeing created -> 

this may take about 3-4 minutes

- When the circle turns from grey to green, you are ready to go (may be you have to refresh your browser)

Go to App | Stefan Schneider  
Stefans Spielwiese

**Access**

**NWS-ID**  
Access to your Bookstack project is possible via NWS-ID. Corresponding rights can be set by your administrator.  
[Login now →](#)

**Endpoints**  
Web: <https://7080-bookstack-61d8c.apps.netways.de>

**More Information**

**First Steps**

- 1 Log in with NWS ID
- 2 Create your first content
- 3 Add more users with NWS ID

**External Resources**  
Learn more about your product  
[Documentation](#)  
[Faq](#)  
[Blog](#)

**Good to know**

- 1 Configuration options let you set up BookStack to fit your use case. You can change the name, logo, and colors in the settings.
- 1 BookStack lets you mark a page as a template so its content can be easily reused when editing and creating pages.
- 1 BookStack's page editor has a built-in diagrams.net drawing feature that makes it quick and easy to create diagrams in your documentation.

## Logging in

- You no longer need a separate password to log in to Bookstack. This works automatically via our NWS ID.
- just click on the Login now - link or the Endpoints Web-Link or the "Go to App"- button to get to your Nextcloud instance
